ALL-PRO SAFETY BRIAN DAWKINS AND HIS TEAMMATES
PARTNER WITH THE RAVITZ FAMILY FOUNDATION
HOLD COAT DRIVE AT THE SHOPRITE OF MARLTON

CHERRY HILL, NJ - The Ravitz Family Foundation has joined with All-Pro safety Brian Dawkins and a number of his teammates to provide for their community by holding a coat drive at the Shoprite of Marlton on Monday, December 22, 2008 from 4:00-8:00pm.

Created in 1996 by Doris and Stanley Ravitz, The Ravitz Family Foundation is a non-profit, 501-C-3, private foundation, committed to aiding children and families in need throughout the South Jersey and Philadelphia regions. Already in 2008, the foundation has distributed more than \$100,000 in grants throughout the local community. Just as the Ravitz family has served its community by providing the premier supermarket shopping experience at each of its five Shoprite locations in South Jersey, the family has also shown their support by providing a number of its worthy causes with much-needed funding.

PHOTO AND INTERVIEW OPPORTUNITY

WHAT: All-Pro safety Brian Dawkins will be joined by some of his teammates at the ShopRite of Marlton on Monday for a four-hour coat drive to benefit the United Way of Camden County and support The Ravitz Family Foundation

Brian Dawkins and teammates will be on hand to sign autographs for each fan that donates a new or gently used coat between 4:00 p.m. to 8:00 p.m.

Appearance times of individual players will vary depending on availability. For each coat donated, one autograph will be signed.

WHEN: ***Monday, December 22, 2008 from 4:00 p.m. – 8:00 p.m.***

WHERE: The ShopRite of Marlton - 307 West Route 70; Marlton, NJ

About ShopRite Supermarkets of Cherry Hill

The ShopRite Supermarkets of Cherry Hill is owned and operated by the Ravitz family and comprised of five stores including: Cherry Hill, Marlton, Mt. Laurel, Union Mill, and Evesham. In April of 2008, the ShopRite of Marlton, New Jersey became the first ShopRite store to receive the EPA's prestigious Energy Star Rating, a national symbol for protecting the environment through superior energy performance. Through the use of energy-saving technology, the store was able to reduce its energy consumption by approximately 35 percent.
