Dear Mr. Ravitz:

Your most recent gift from The Ravitz Family Fdn Inc. supporting prostate cancer research through the 2009 Score for the Cure event will make a difference. Thank you. We are so grateful that you have chosen to continue to support our efforts in the fight against cancer. While our doctors, nurses, scientists and staff greatly appreciate this gift, our patients are the ultimate recipients of your generosity.

The CINJ prostate program has the ultimate goal of promoting new and effective strategies for the eradication of prostate cancer. Members' wide range of research interests collectively optimize the chances of providing new insights into normal prostate biology and unraveling the molecular pathophysiology of prostate cancer. We want to build on fundamental knowledge to develop effective therapeutic approaches for the treatment of prostate cancer and to improve the control of prostate cancer through early detection, chemoprevention and outreach and education.

Thank you again for your thoughtful contribution.

Sincerely,
