Dear Mr. Ravitz:

On behalf of the Board of Trustees, staff and patients of the South Jersey Eye Center, I want to extend to you our very deepest thanks for your generous grant of \$2,500.00 in support of our Sight First For Kids Program.

Serving children in need is a very important responsibility and we do take that responsibility very seriously. We are very proud of our mission to bring vital eye care and prevention of blindness services to the poor, underserved, low-income and uninsured children of Camden City, Camden County and surrounding areas. We reach thousands of children every year that normally would not have access to these vital eye care services.

Most importantly, your generosity will assist and help extend our services to even more children. It would be virtually impossible to accomplish and reach our objective without the support and generosity of people like you.

Again, our heartfelt thanks for your interest, concern and support for the work we are doing at the South Jersey Eye Center.

Very truly yours,

MaryAnn Ragone, MAS
Chief Operating Officer
